

Symposium on Precast and Pre-Engineered Construction

Using Fast and Durable Concrete Panel Systems

About the Symposium: Discussions focus on developments in precast and pre-engineered construction covering issues related to design, construction, quality control with special attention on connections. Case studies in Japan and India will also be presented.

Date: December 05, 2023

Venue: Fairfield by Marriot, Jodhpur

Who should attend: Apart from professionals from all stakeholders in the construction industry, researchers and academicians will also find the deliberations useful.

Symposium Chair:

Professor Sudhir Misra
Department of Civil Engineering
IIT Kanpur – 208016
Email: sud@iitk.ac.in

Symposium Co-chair:

Professor Sanjay Pareek
Department of Architecture
Nihon University, Japan
Email: sanjay.pareek@nihon-u.ac.jp

Organizers:

Indian Institute of Technology Kanpur
Nihon University
Splice Sleeve Japan

Funded:

Ministry of Land, Infrastructure,
Transport & Tourism, Japan

Co-organizers:

Indian Institute of Technology Jodhpur
Tokyo Metropolitan University
PCaLab, Harry's and TAISEI U-LEC
